### OUR ATHLETIC TRAINERS

Robin Eldridge, MS, ATC  
St. Christopher's School

Brandi Beatty, ATC  
Benedictine High School

Jason Engle, LAT, ATC  
Collegiate School

## OUR GUARANTEE

*It is our policy to offer each patient an appointment within 2 working days. Emergency appointments made upon a physician's request will be honored.*

We would like to introduce you to a new program we are starting in both of our offices. Each year it seems the insurance companies are decreasing the number of physical therapy visits allowed for your patients, thus, we have had to work within shorter time frames to accomplish the same goals with these patients. As you know, in many post-operative or chronic cases this is a difficult thing to do. We have had to learn to be more efficient with our treatments and to encourage our patients to be more diligent with their home programs.

We believe the home program is vital to the patient's success and thus we have established a post-rehabilitation program for patients whose insurance benefits expire early or in hardship cases. We will be offering ***one month free*** use of our facility, supervised by one of our athletic trainers, with a physical therapist available to consult as needed. Patients will be more self-sufficient during this month with their rehabilitation and general conditioning. We are hopeful that this extra month will provide the patient with the tools necessary to become independent and transition completely to their home program.

If you have any questions with regards to this program please do not hesitate to call our offices.
